<b>Position Type:</b>	Full-time, Contract	<b>Will Train Applicant(s):</b>	Yes, on product

#### Job Description

#### IS THAT YOU?

We are looking for an experienced product manager who has an eye for spotting product gaps in alignment with market requirements. Product Management is a highly strategic role in a start-up requiring self-driven, agile, highly experienced yet innovative resources. If you are keen to be part of such a growth and exciting organization, join us!

#### ROLE AND RESPONSIBILITIES

- Drive the product and business-planning process across cross-functional teams of the company
- Assess current competitor offerings, seeking opportunities for differentiation
- Analyze product requirements and develop appropriate programs to ensure they're successful achieved
- Create product strategy documents that describe business cases, high-level use cases, technical requirements, revenue, and ROI
- Translate product strategy into detailed requirements for prototype construction and final product development by engineering teams
- Develop, implement, and maintain development timelines across multiple teams

#### QUALIFICATIONS AND EDUCATION REQUIREMENTS

- 6-10 years of work experience
- Degree in product design or engineering
- Experience in product management as well as product development roles

#### PREFERRED SKILLS

- Strong communication skills
- Proven experience overseeing all elements of the product development lifecycle
- Highly effective cross-functional team management
- Previous experience delivering finely-tuned product marketing strategies
